

DAVCMC has launched <https://c19sos.org/> to help coordinate COVID-19 resources, information and support to the DAV community.

We are writing to ask you to forward the attached document to your school community. It requests the DAV community to use their vast experience, resources and contacts to help those in need via the portal C19SOS.org, and also asks them to register as volunteers in any capacity.

People who are vaccinated and willing to drive may help others by transporting critically needed oxygen cylinders, they may leave food at the door steps of those too weak to step out themselves, they may reach out and check the well being of those that are sick or alone, or they may just help research local data on available resources and populate updated information on C19SOS.org

Once the portal is populated with verified COVID resources and volunteers, we will be able to provide help to people who are in immediate need of resources like oxygen cylinders, ambulances, food, telemedicine (doctors assisting remotely), etc.

Video Link

<https://youtu.be/-VOrk6FbFP8>

Please find the Video Link of for how to use the portal

This is a moment when we can make a difference. Join us in helping make our community whole again.

Dear Parents / Alumni,

If you and your family are fortunate enough to be able to offer support, we urge parents and alumni to volunteer in any capacity. We request the DAV community to use their vast experience, resources and contacts to help those in need via the portal <https://c19sos.org/>, and also to register as volunteers in any capacity.

People who are vaccinated and willing to drive may help others in the community by transporting critically needed oxygen cylinders, they may leave food at the door steps of those too weak to step out themselves, they may reach out and check the well being of those that are sick or alone, or **they may just help research local data on available resources and populate updated information** on C19SOS.org.

Instructions on how you can do your part are available on the attached document

Please note: no money exchange is facilitated through this platform.

This is a moment when we can make a difference. Let's make our community whole again.

Thanks DAVCMC
