CIRCULAR

Dear parents,

Summer vacations are a well deserved opportunity to relax and rewind by indulging in activities that are pleasurable and at the same time educative. As our students are already stuck in the four walls, let's try and make their stay at home exciting and informative. They say a mother is the first teacher and home, the first school. So, let's consider the following points to make these holiday fruitful.

- Reading is to the mind, what exercise is to the body. Make sure your child develops this hobby from the right age.
- We believe in learning by doing. Help your children to become independent by giving them responsibilities. Involve them in household activities.
- Time spent playing with children is never wasted so, make them learn through play. Let their infectious laughter throw all the anxiety away.

Summer vacations will begin from 25 May,2020. E-classes will remain suspended from 26 May,2020 and will commence back from 1 July,2020.

Online classes for music, dance, yoga, art, aerobics, story telling will be continued to rejuvenate the students.

To keep our lovely children involved, our teachers have meticulously designed this holiday homework which will facilitate their learning and prepare them for the upcoming days.

Kindly note, holiday homework should be seen as an interesting activity that helps in the independent growth of the child. So as parents, act as mentors and facilitators but let the children do the work on their own.

STAY HOME, STAY CONFINED, EAT HEALTHY AND GROW SAFELY

NOTE: Any changes, if appear, will be intimated accordingly.

(Holiday homework is also available on the school website davashokvihar.org)
